APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

The State Engineer recognizes that permits already issued from

this office cover all of the surplus water for storage purposes,

but investigation shows that the land for which this right is desired has been in cultivation for several years, but first irrigated subsequent to 1905; hence this application. The right is granted subject to all prior grants, in that the water is not available at the diversion of the storage permits the entire year.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed

--0.195--- cubic feet per second.

Actual construction work shall begin on or before November 1st, 1913.

Proof of commencement of work shall be filed before December 1st, 1913.

Work must be prosecuted with reasonable diligence and be completed on or before June 1st, 1914.

Application of water to beneficial use shall be made on or before October 1st, 1914.

Proof of the application of water to beneficial use must be filed with the State Engineer on or before November 1st, 1914.

WITNESS MY HAND AND SEAL this 29th. day of September, 1913.
